HAROLD MARCHAND

ASCENSION PARISH PRESIDENT

May 31, 2001

Members of the Parish Council
And Citizens of the Parish of Ascension:

I am pleased to submit the General Purpose Financial Statements (GPFS) and Single Audit for the Parish of Ascension (Parish) for the fiscal year ended December 31, 2000.

Ascension Parish experienced another financially successful year and approaches 2001 with funding that provide a means to begin addressing the needs of our growing community. As most of you are aware, a major initiative of the Parish is to provide water and sewer services. The anticipated financial commitment from the Parish has been estimated at \$110 million. Significant aspects of the Parish's financial well being as of and for the year ended December 31, 2000, are detailed below.

PROFILE OF GOVERNMENT

The Parish of Ascension is located southeast of the City of Baton Rouge, which is the state capital and second largest city in Louisiana. The Parish is located on the Mississippi River with the majority of its population on the east bank. The Parish was founded in 1845 when the county of Acadia was split into the parishes of Ascension and St James. The Parish currently occupies a land area of 292 square miles and serves a population of 76,627 according to the US Census of 2000. The population reflects 32% growth from the census of 1990, and as such, makes Ascension Parish one of the highest growth rate locations in Louisiana.

The Parish adopted the provisions of the Ascension Parish Home Rule Charter, which was effective in January 1994. The Home Rule Charter established the Ascension Parish Council as the governing authority for the Parish of Ascension and as a political subdivision of the State of Louisiana. Policy-making and legislative authority are vested in a governing council consisting of 11 councilmen. The governing council is responsible, among other things, for passing ordinances, adopting the budget and appointing committees. The Parish President is the chief executive officer of the Parish. The Council members and Parish President are elected for four-year terms. The council members are elected by district while the Parish President is elected parish-wide.

The Parish provides a full range of services to the general public including infrastructure maintenance and construction, public safety, public works, fire protection, public health and social services, mental health services, planning and zoning, economic development, recreation, libraries, general administrative services, and road lighting.

FINANCIAL INFORMATION

General Governmental Functions

The general government operations, of the Parish, are accounted for in the General Fund, Special Revenue Funds, Debt Service Funds and Capital Project Funds. The following is a summary of general governmental operations for 2000 by fund type:

	(in thousands)				
	Totals	General Fund	Special Revenue Funds	Debt Service Funds	Capital Project Funds
Revenues & transfers	\$ 59,233	\$ 8,960	\$ 39,584	\$ 3,812	\$ 6,877
Expenditures & transfers	<u>54,008</u>	<u>9,016</u>	<u>35,612</u>	<u>3,752</u>	<u>5,628</u>
Surplus (deficit)	5,225	(56)	3,972	60	1,249
Fund Balance, December 31, 1999	<u>56,855</u>	<u>59</u>	<u>30,285</u>	<u>4,673</u>	<u>21,838</u>
Fund Balance, December 31, 2000	<u>\$ 62,080</u>	<u>\$ 3</u>	<u>\$ 34,257</u>	<u>\$ 4,733</u>	<u>\$ 23,087</u>

Revenues of the primary government for general governmental fund types for 2000 totaled \$37.9 million, compared with \$39.8 million for the previous year, representing a \$1.9 million decrease or 4% decline.

Approximately \$24.4 million of the \$37.9 million collected in 2000 was dedicated for special purposes. As a result, the remaining \$13.5 million was available to fund a number of Parish services. These undedicated funds supported the Department of Public Works, all Parish administrative functions, the Parish Jail system, Parish recreation and mandated costs for certain Parish agencies, such as the Parish Court, District Attorney and Coroner. Sources of general governmental revenues are summarized below.

	(in thousands)			
	2000		1999	
<u>Sources of Revenue</u>	<u>Revenue</u>	<u>Percent</u>	<u>Revenue</u>	<u>Percent</u>
Taxes	\$ 29,261	77%	\$ 31,221	78%
Licenses and permits	1,506	4%	1,517	4%
Intergovernmental	3,293	9%	3,413	9%
Miscellaneous	<u>3,817</u>	<u>10%</u>	<u>3,622</u>	<u>9%</u>
Total	<u>\$ 37,877</u>	<u>100%</u>	<u>\$ 39,773</u>	<u>100%</u>

The reduction in revenue of \$1.9 million is primarily declines in sales and use taxes. For 2000, the Parish experienced a decrease in sales and use tax collections of approximately 9.5% or \$2.4 million. The reduction in sales and use tax collections were partially offset by increases in investment earnings.

As noted above, the Parish's activities are largely supported by tax revenues, which represent 77% of total governmental sources.

Expenditures of the primary government decreased \$3.4 million in 2000. Expenditures for general governmental functions for each major function are summarized in the following table.

<u>Function</u>	(in thousands)			
	2000		1999	
	<u>Expenditure</u>	<u>Percent</u>	<u>Expenditure</u>	<u>Percent</u>
General government	\$ 5,361	16%	\$ 5,671	16%
Public safety	3,652	11%	2,305	6%
Public works	8,138	25%	8,422	23%
Health and welfare	3,180	10%	2,427	7%
Culture and recreation	3,166	10%	3,043	8%
Debt service	3,478	11%	2,986	8%
Capital outlay	<u>5,626</u>	<u>17%</u>	<u>11,184</u>	<u>31%</u>
Total	<u>\$ 32,601</u>	<u>100%</u>	<u>\$ 36,038</u>	<u>100%</u>

The largest decrease in spending occurred in capital outlay of \$5.6 million or 14%.

ECONOMIC CONDITION AND OUTLOOK

A number of companies engaged in oil refining and petrochemical processing are found in the industrial corridor along the Mississippi River in and around the Parish of Ascension. These industries are major employers of Ascension's labor force. Other important industries include government, construction, banking and financial services, insurance, telecommunications, real estate, and wholesale and retail trade. These industries continue to expand in our area.

Ascension continues to be one of the fastest growing parishes in the state. With our growth, we continue to have a strong tax base and a high employment rate. Our school system, which is rated third in the state, provides our youth with a strong educational foundation and is a contributing factor to the population growth being experienced.

We expect the Parish to continue to grow over the next ten years and look forward to resolving the challenges it creates.

MAJOR INITIATIVES FOR THE FUTURE

The Administration will continue its commitment to service the needs of the citizens of Ascension Parish. Research and planning is continuing on the following:

- Development of a water/wastewater system master plan with approximately \$900,000 to be dedicated by December 31, 2001,
- Development of a Road Master Plan (\$100,000 in the 2001 budget),
- Expansion of economic development programs to include light industrial and distribution centers,
- Expansion of recreational opportunities to include alternative recreation and funding for the arts,
- Development of a Drug and Litter Court,
- Construction of an Animal Control Facility,
- Restructure the Health Unit Services in response to State funding reductions during 2000,
- Development of a park in the Prairieville/Dutchtown area,
- *Ascension Plan* - This initiative is directed at the revision of the Development Code and Land Use map for Ascension Parish. The Parish is currently developing new approaches for preserving land values and managing growth.
- *Ascension 2020* is a visualization of life in the Parish in the year 2020. Using data collected from citizen input and other studies and projects, a comprehensive list of issues has been compiled. From the efforts placed forward, a strategic plan for addressing these needs is currently being developed.

At December 31, 2000, the Parish has approximately \$23.5 million in fund balance in its capital project funds. Major construction projects budgeted for 2001 include:

- | | |
|---------------------------------------|----------------|
| • Courthouse East Renovation | \$ 5.4 million |
| • Road and bridge construction | \$10.3 million |
| • Drainage projects | \$ 5.4 million |
| • Recreation and Tourism construction | \$ 1.1 million |
| • Others | \$ 1.0 million |

OTHER INFORMATION

Government Structure

A determination of the financial reporting entity to be included in the GPFS is made through the application of criteria established by the Governmental Accounting Standards Board, Statement 14 as is further explained in the Summary of Significant Accounting Policies in the Notes to the GPFS.

The Parish's financial reporting entity consists of the following:

- The Primary Government – This is the Parish (all funds administered by the Parish),
- Blended Component Units – These are Parish governmental units that, although very closely related to the Parish, are legally separate, and whose financial statements are reported in this GPFS as part of the primary government.
- Discrete Component Units – These are Parish governmental units that are less closely related than the blended component units, but still have sufficient relationships that the Parish must report their financial statements in the GPFS.

Independent Audit

The local government charter requires a comprehensive annual audit to be performed by a firm of certified public accountants. The Parish's GPFS have been audited by Faulk & Winkler, LLC.

In addition to meeting the requirements set forth by the local charter and state statutes, the audit also meets the requirements of the Single Audit Act of 1996 and the requirements of related U.S. Office of Management and Budget Circular A-133. The auditors' reports related specifically to the single audit are included in this publication.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance and Administration Departments. In addition, I wish to express my appreciation to the Parish Council for their continuing interest and support in planning and conducting the financial affairs of the Parish in a responsible and progressive manner.

Respectfully submitted,

PARISH OF ASCENSION

PARISH OF ASCENSION

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

Honorable Chairman and Members
of the Ascension Parish Council
Donaldsonville, Louisiana

We have audited the accompanying general-purpose financial statements and the combining, individual fund, and account groups financial statements of the **PARISH OF ASCENSION (PARISH)** as of and for the year ended December 31, 2000, as listed in the table of contents. These financial statements are the responsibility of the Parish's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We did not audit the financial statements of the following discretely presented component units:

District Attorney of the Twenty-Third Judicial District
Ascension Parish Sheriff
Ascension Parish Clerk of Court
Ascension Parish Assessor
Ascension Parish Court
Twenty-Third Judicial District Indigent Defender Board
Twenty-Third Judicial District Judicial Expense Fund
Ascension Parish Communication District
East Ascension Hospital Service District
West Ascension Hospital Service District
Ascension Parish Water Works District No. 2
Ascension Parish Water Works District No. 4

Those statements represent 99% of the assets and 98% of the revenues of the discretely presented component units. The financial statements of those entities were audited by other auditors whose reports have been furnished to us, and our opinion on the general-purpose financial statements, insofar as it relates to the amounts included for those entities, is based on the reports of the other auditors.

We did not audit the financial statements of the Ascension Parish Library, a blended component unit, which statements reflect \$2,646,932 and \$1,974,238 of Special Revenue Funds' assets and revenues, respectively, \$8,390,583 of general fixed assets and \$47,199 of general long-term debt as of and for the year ended December 31, 2000. Those financial statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Ascension Parish Library, is based solely on the report of the other auditor.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose

financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based upon our audit and the reports of other auditors, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the **PARISH** as of December 31, 2000, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the combining, individual fund, and account group financial statements referred to above, present fairly, in all material respects, the financial position of each of the individual funds and account groups of the **PARISH**, at December 31, 2000, and the results of operations of such funds and cash flows of individual proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated May 31, 2001, on our consideration of the Parish of Ascension's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of our audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The accompanying schedule of expenditures of federal awards on pages 128 and 129 is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general-purpose financial statements of the Parish of Ascension. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements, and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

STATEMENT PRESENTATION

The Ascension Parish Council (the Council) is the governing authority for Ascension Parish (the Parish) and is a political subdivision of the State of Louisiana. The Council, under the provisions of the Ascension Parish Home Rule Charter, which was effective January 1, 1994, enacts ordinances, sets policy and establishes programs in such fields as social welfare, transportation, drainage, public safety, and health services.

The accompanying financial statements conform, except where otherwise noted, to generally accepted accounting principles (GAAP) applicable to government units.

REPORTING ENTITY

The financial reporting entity consists of (1) the primary government (all funds under the auspices of the Parish President and the Parish of Ascension), (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14, *the Financial Reporting Entity*, established criteria for determining which component units should be considered part of the Parish of Ascension for financial reporting purposes. The basic criteria are as follows:

- o Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
- o Whether the Parish governing authority (Ascension Parish Council and/or Parish President) appoints a majority of board members of the potential component unit.
- o Fiscal interdependency between the Parish and the potential component unit.
- o Imposition of will by the Parish on the potential component unit.
- o Financial benefit/burden relationship between the Parish and the potential component unit.

Based on the previous criteria, Ascension Parish management has included the following component units in the financial reporting entity:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REPORTING ENTITY (CONTINUED)

Blended Component Units

The following component units are reported as part of the primary government in the General-Purpose Financial Statements of the Parish of Ascension.

East and West Ascension Drainage Districts No. 1

The East and West Ascension Drainage Districts provide maintenance, improvements, and repairs to the gravity drainage systems in their respective parts of the Parish. Financing is provided primarily by ad valorem taxes, state revenue sharing funds, and dedicated sales taxes. The fiscal year for the Districts is the calendar year.

Health Unit

The Health Unit operates the Parish Health Unit. Financing is provided primarily by ad valorem taxes and state revenue sharing. The fiscal year for the Health Unit is the calendar year.

Mental Health Unit

The Mental Health Unit provides that portion of the operations of the Parish mental health center not provided by the State of Louisiana, Department of Health and Human Resources, Office of Mental Health and Substance Abuse. Financing is provided by ad valorem taxes and state revenue sharing. The fiscal year for the Mental Health Unit is the calendar year.

Fire Protection Districts No. 1 and No. 2

The Fire Protection Districts No. 1 and No. 2 offers maintenance and operation of a fire protection system consisting of 12 fire service units: Modeste Volunteer, Sunshine Volunteer, Palo-Alto McCall Volunteer, Donaldsonville, Geismar Volunteer, Galvez-Lake Volunteer, Prairieville, Fifth Ward, St. Amant, Sorrento, Seventh District Volunteer and Gonzales. Financing is provided by sales and use tax funds which are allocated among the service units. The fiscal year for the Districts is the calendar year.

Recreation Commission

The Recreation Commission provides recreational activities for the Parish. The Commission is funded primarily by an annual budgetary dedication of six and two-thirds percent of the one-percent parish wide sales tax. The fiscal year for the Commission is the calendar year.

Tourist Commission

The Commission promotes local tourism. The Tourist Commission receives sales taxes on the room rentals of hotels and motels. The fiscal year for the Commission is the calendar year.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REPORTING ENTITY (CONTINUED)

Blended Component Units (Continued)

Ascension Parish Library

The Library provides citizens of the Parish access to library materials, books, magazines, records, and films. It is used to account for the collection of a parish-wide ad valorem tax dedicated to the maintenance of the library system. The fiscal year for the Library is the calendar year.

Discrete Component Units

Funding for the following state constitutionally defined parish officials is included in the Parish General Fund. These officials, however, have certain statutorily defined sources of funds for their own operating and/or capital budget discretion. These funds have been discretely presented in the Parish General-purpose Financial Report.

District Attorney of the Twenty-Third Judicial District (for the year ended December 31, 1999.)

Twenty-Third Judicial District Indigent Defender Board (for the year ended December 31, 1998, a biennial audit.)

The following agencies are also reported in the component units columns of the General-Purpose Financial Statements:

Ascension Parish Sheriff

The Sheriff, an elected official as defined in the Louisiana State Constitution, is a legally separate entity. The Parish provides funding for the Sheriff's facilities and equipment including the correctional institution (Ascension Parish Jail). The Sheriff's financial statements for the year ended June 30, 2000, are included in this report.

Ascension Parish Clerk of Court

The Ascension Parish Clerk of Court is a legally separate parish entity established by the State Constitution. The Parish governing authority (Ascension Parish Council) is required by statute to fund certain equipment, facilities, and binding of permanent records in the office of the Clerk of Court. The Clerk's office provides its own operating budget funds from fees and charges. The Clerk of Court's financial statements for the year ended June 30, 2000, are presented in this report.

Ascension Parish Assessor

The Parish Assessor, an elected official provided for by the Louisiana State Constitution, is a legally separate entity that levies its own property tax. Fiscal interdependency exists between the Parish and the Assessor only in that the Parish is required by state statute to provide the Assessor office facilities. The Assessor's financial statements for the year ended December 31, 1999, are presented in this report.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REPORTING ENTITY (CONTINUED)

Discrete Component Units (Continued)

Ascension Parish Communication District

The Communication District is a legally separate entity. The Parish appoints all members to the District's Board of Commissioners. The District's financial statements for the year ended December 31, 1999, are presented in this report.

Parish Court for the Parish of Ascension Judicial Expense Fund

The Parish Court for the Parish of Ascension Judicial Expense Fund is a legally separate entity established under state statutes. The Parish Court's financial statements for the year ended June 30, 2000, are presented in this report.

Twenty-Third Judicial District Judicial Expense Fund

The Twenty-Third Judicial District Judicial Expense Fund was established in 1995 under Act No. 435 which was amended to Title 13 of the Louisiana Revised Statutes of 1950. The Expense Fund was established for the purpose of paying expenses for the Court deemed necessary by the Judges for efficient operations of the court. The Expense Fund's financial statements for the year ended December 31, 1999, are presented in this report.

Sewerage District No. 6 of Ascension Parish

The Sewerage District is a legally separate entity. The Parish has advanced funds for serving debt issued by the District; therefore, the District has recorded amounts due to the Parish. The Parish of Ascension has secured the necessary operating permit and is actively operating the sewer system.

Related Organizations

The following entities were established pursuant to state statutes for various public purposes within Ascension Parish. The Council appoints and removes the board members of each respective agency. Each agency is fiscally independent from the Parish, issues its debt, approves its budgets, and sets its rates and charges. The primary government has no authority to designate management, or approve or modify rates. The Parish is not obligated for the debt issues of these agencies. Each of these component units is listed below along with its fiscal year end.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND ACCOUNTING

The accounts of the Parish are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be expended and the means by which spending activities are controlled. The various funds and account groups of the primary government presented in the financial statements are described as follows:

Governmental Fund Types

Governmental funds are those through which most governmental functions of the Parish are financed. The acquisition, use, and balances of expendable financial resources and related liabilities of the Parish are accounted for through governmental funds. Measurement is focused upon determining changes in financial position, rather than net income. The following are the governmental fund types of the Parish:

General Fund - The General Fund is the general operating fund of the Parish. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Additionally, the general fund of each component unit is reported as a special revenue fund.

Debt Service Funds - Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Capital Projects Funds - Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

Proprietary Fund Types

Enterprise Funds - Enterprise funds are used to account for operations (1) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs and expenses, including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND ACCOUNTING (CONTINUED)

Internal Service Funds - Internal service funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

The only proprietary fund type of the primary government consists of a partial self-insurance program as an internal service fund.

Account Groups

Account groups are used to establish accounting control and accountability for the Parish's fixed assets and general long-term debt. The following are the account groups of the Parish:

General Fixed Assets Account Group - This group of accounts represents a summary of the fixed assets of the Parish. Capital expenditures are recorded as expenditures in the governmental fund types at the time of purchase and are subsequently recorded, at cost, for control purposes, in the general fixed assets account group.

In accordance with generally accepted accounting principles for governmental entities, depreciation is not recorded on general fixed assets.

General Long-Term Debt Account Group - This group of accounts represents a summary of the long-term debt of the Parish.

BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental funds are accounted for using the modified accrual basis of accounting wherein revenues are recognized in the accounting period in which they become available and measurable. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

The modified accrual basis of accounting as applied to the major sources of revenue is as follows:

Ad valorem taxes and the related state revenue sharing (which is based on population and homesteads in the Parish) are recorded in the year the taxes are assessed. Ad valorem taxes are assessed on a calendar year basis, become due on November 15th of each year, and become delinquent after December 31st. The taxes are generally collected in December of the current year and January and February of the following year.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING (CONTINUED)

Sales taxes are recorded when in the possession of the intermediary collecting agent and are recognized as revenue at that time.

Federal and state aid and grants are recorded as revenue when the Parish is entitled to the funds, generally corresponding to when grant related costs are incurred by the Parish.

Interest income on investments is recorded when investments mature and income is received.

All proprietary funds are accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The proprietary funds use the accrual basis of accounting and apply all applicable FASB pronouncements in accounting and reporting for its proprietary operations. Revenues are recognized when earned, and expenses are recognized at the time liabilities are incurred.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates are used primarily when accounting for depreciation, prepaid insurance, deferred revenue and claims payable.

BUDGET POLICY AND BUDGETARY ACCOUNTING

The Home Rule Charter for the Parish outlines procedures for adopting a budget for funds of the primary government.

1. No later than seventy-five days prior to the beginning of the fiscal year, the President is to submit detailed operating and capital budgets for all funds. The budgets submitted are to be balanced.
2. The Parish Council may amend the budget, except that the debt service shall not be reduced below the amount necessary to service the debt nor shall a fund deficit be created.
3. The Parish Council shall publish the budget summary at least ten days prior to conducting a public hearing.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BUDGET POLICY AND BUDGETARY ACCOUNTING (CONTINUED)

4. The Parish Council is to adopt the budget not less than thirty days before the commencement of the applicable fiscal year.
5. Once adopted, the President is able to transfer part or all of any appropriation within a department of a fund; however, the authority for other budget amendments resides with the Parish Council.

The budgets are to be prepared consistent with the accounting method used for the applicable fund and are amended periodically for changes in projected activity. At the end of each fiscal year, unexpended appropriations automatically lapse.

The portion of unreserved fund balance of individual funds designated for subsequent year's expenditures represents the extent to which the fund balance is used to balance the subsequent year's operating budget of that fund, as reflected in the legally adopted budget.

ENCUMBRANCES

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the General Fund, certain Special Revenue and Capital Project Funds. For budgetary purposes appropriations lapse at fiscal year end except for that portion related to encumbered amounts. Encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash and cash equivalents for the primary government includes cash accounts for payroll, Section 8, escrow account, Office of Emergency Preparedness, Sales and Use Tax District No. 2 and each individual fund's share of the consolidated cash account.

A consolidated bank account has been established for the primary government into which substantially all monies are deposited and from which most disbursements are made. In addition, investment purchases are charged and maturities are deposited to the consolidated bank account. The purpose of the consolidation of bank accounts was to provide administrative efficiency and to maximize investment earnings. The accounts entitled "Cash and Cash Equivalents" and "Investments" are therefore composed of a fund's pro rata share of the cash balance in the consolidated cash account plus its pro rata share of investments made through the investment of excess cash. Each fund shares in the investment earnings according to its average cash, cash equivalent, and investments balance, prorated among funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

The investment policies of the Parish are governed by state statutes and an adopted Council Investment Policy that includes depository and custodial contract provisions. Under the provisions of the Parish's investment policy, the Parish Treasurer is authorized to invest Parish funds in accordance with L.R.S. 39:1211-1245 and 33:2955 which allow, but are not limited to the following investment vehicles: United States Treasury Bonds, Treasury Notes, Treasury Bills, and fully collateralized interest bearing checking accounts and certificates of deposit. Other investment policy provisions require depositories to insure or collateralize all deposits in accordance with state law and require securities collateralizing deposits to be held by an independent third party with whom the Parish has a custodial agreement. Investment policies of the Parish discrete component units can be found in the individual component unit audit reports.

For purposes of the Statement of Cash Flows, cash equivalents for each fund include demand deposit account balances, and certificates of deposit and U.S. government securities with original maturities of three months or less. Cash equivalent policies of the Parish's discrete component units can be found in the individual component unit audit reports.

Investments, which include time certificates of deposit and U.S. government securities, are stated at the lower of cost or market.

SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet and result primarily from participation in the consolidated cash account.

INVENTORIES

In the primary government's governmental fund types, inventories of supplies are recorded as expenditures at the time of purchase.

Information concerning inventory for the Parish's discretely presented component units can be found in the separately issued financial statements of each component unit

BAD DEBTS

Uncollectible amounts due for ad valorem taxes and other receivables are recognized as bad debts through the use of an allowance account or charged off at the time information becomes available which would indicate that the particular receivable is not collectible. In governmental fund types, the uncollectible amount is charged directly to the revenue reported. On the other hand, in proprietary fund types, the uncollectible amount is recognized as a bad debt expense.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FIXED ASSETS AND DEPRECIATION

Fixed assets used in governmental fund type operations (general fixed assets) of the primary government are accounted for in the general fixed assets account group, and are recorded as expenditures in the governmental fund types when purchased. All fixed assets have been valued at cost.

Fixed assets consisting of improvements (other than buildings), such as roads, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems, have not been capitalized. Such assets are normally immovable and of value only to the Parish. Therefore, the purpose of stewardship for such capital expenditures is satisfied without recording these assets.

No depreciation has been provided on general fixed assets, nor has interest been capitalized.

Proprietary component unit fixed assets are depreciated using the straight-line method. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and improvements	20 - 50 years
Equipment	5 - 20 years

LONG-TERM DEBT

Long-term liabilities that are financed from governmental funds are accounted for in the General Long-Term Debt Account Group.

Sales tax revenue bonds are secured by sales tax revenues. Payment of such debt is provided by sales tax revenue transferred to the appropriate debt service fund.

General obligation bonds are repaid from property taxes. These property taxes are shown as revenues in each general obligation bond debt service fund.

RESERVES AND DESIGNATIONS OF EQUITY

Some portions of fund balance and/or retained earnings are reserved to indicate that a portion of equity is legally restricted to a specific future use and is not available for appropriation or expenditure.

Designated portions of fund balance indicate tentative future spending plans, which may be changed and are subject to subsequent authorization before expenditures can be made. However, some designations have been legally authorized, such as the following: (a) "Designated for subsequent years' expenditures" is that portion of fund balance which has been earmarked to fund the following years' budgets, and (b) other designations are made for specific indicated purposes included in the title.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

TRANSFERS

Advances between funds which are not expected to be repaid are accounted for as transfers. In those cases where repayment is expected, the advances are accounted for through the various interfund accounts.

COMPENSATED ABSENCES

All Parish primary government regular employees, excluding Ascension Parish Library personnel, earn vacation leave in varying amounts according to the employee's number of years of continuous service up to a maximum of one hundred-twenty days. Vacation is payable upon resignation or retirement at the employee's current rate of pay.

All Parish primary government, excluding Ascension Parish Library personnel, employees earn twelve days of sick leave per year. Sick leave is payable only upon retirement and only up to a maximum of 60 days.

Parish employees of certain job classifications may accrue compensatory time in lieu of overtime payment. Compensatory leave is accumulated without time limitations but must be taken within one year of earning the leave. Compensatory leave is paid by the Parish upon termination, resignation, retirement or death.

GASB Statement No. 16, *Accounting for Compensated Absences*, requires governments to accrue compensated absences only to the extent it is probable that the employer will compensate employees for benefits through cash payments conditioned on the employees' termination or retirement. The Parish has recorded the following liabilities as of December 31, 2000, for certain salary-related benefits associated with the payment of compensated absences:

1. Accrued vacation for each employee is valued at the employee's current rate of pay.
2. No sick leave is recorded in the financial statements for active employees since the amount applicable under GASB Statement No. 16 is immaterial.
3. Compensatory leave, based on the employee's current rate of pay, is not recorded in the financial statements since the amount is immaterial.

In governmental funds, the total liability as stated above is included in the General Long-Term Debt Account Group. Accrued vacation, and related benefits will be paid from future years' resources.

Details of the compensated absences liability for the Parish discrete component units and the Ascension Parish Library, a blended component unit, can be found in the separately issued financial reports of each component unit.

INSURANCE

The primary government is partially self-insured for automobile, general, products and property liability claims on the first \$30,000 per occurrence, not to exceed \$125,000 in the aggregate. The Parish is also partially self-insured for all worker's compensation claims on the first \$200,000 per occurrence, not to exceed \$1,000,000 in the aggregate for a two year period. Reinsurance for losses in excess of self-insured amounts is carried by the Parish of Ascension. Estimated losses on claims are charged to expense in the period in which the loss is estimable. The Parish of Ascension utilizes an internal service fund to account for the transactions related to these self-insurance programs.

TOTAL COLUMNS ON COMBINED STATEMENTS

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS

The Parish maintains a consolidated cash management pool that is used by all funds except Sales and Use Tax District No. 2 Fund, Section 8, and debt service funds. Each fund type's portion of the consolidated cash pool and the account balance of each fund type with a separate bank account are displayed on the combined balance sheet as "Cash and Cash Equivalents" or "Investments."

Deposits

At December 31, 2000, the carrying amount of the Primary Government's deposits (including demand deposit accounts and certificates of deposit) was \$9,508,671 and the bank balance was \$10,214,513. The bank balance is secured by federal depository insurance and collateral held by the Parish's agent in the Parish's name.

Certificates of deposit with an original maturity of 90 days or more totaling \$6,800,000 are classified on the combined balance sheet as "Investments."

Investments

The Parish's investments are U.S. Treasury Bills and Treasury Notes as well as obligations of U.S. Government Agencies. At December 31, 2000, the investments in U.S. Treasury and Agency obligations totaled \$47,027,183.

Mental Health Unit	.50
Library Maintenance	4.22
Council on Aging	1.50

NOTE 4 - AD VALOREM TAXES (CONTINUED)

Information concerning ad valorem taxes for the Parish's discretely presented component units can be found in the separately issued financial statements of each component unit.

The 1974 Louisiana Constitution (Article 7, Section 18) provided that land and improvements for residential purposes be assessed at 10% of fair market value; other property and electric cooperative properties, excluding land, are to be assessed at 15%; and public service properties, excluding land, are to be assessed at 25% of fair market value. Fair market value is determined by the elected assessor of the Parish on all property subject to taxation except public service properties, which are valued by the Louisiana Tax Commission (LRS 47:1957). The correctness of assessments by the assessor is subject to review and certification by the Louisiana Tax Commission. The assessor is required to reappraise all property subject to taxation at intervals of not more than four years. At December 31, 2000, approximately \$18,000 (less than 1% of total taxes) has been paid under protest with the Sheriff and is subject to review by the Louisiana Tax Commission.

The Sheriff of Ascension Parish, as provided by State Law (LRS 33:1435), is the official tax collector of general property taxes levied by the Parish and Parish Special Districts.

The 2000 property tax calendar is as follows:

Millage Rates Adopted	October 19, 2000
Levy Date	October 19, 2000
Due Date	November 15, 2000
Lien Date	January 1, 2001
Collection Dates	December 1, 2000 to February 29, 2001

Property taxes become delinquent January 1 of the following year. If taxes are not paid by the due date, taxes bear interest at the rate of one and one-fourth percent per month until the taxes are paid (LRS 47:2101). After notice is given to the delinquent taxpayers, the Sheriff is required by the Constitution of the State of Louisiana to sell the least quantity of property necessary to settle the taxes and interest owed (LRS 47:2181). Therefore, there are no delinquent taxes at year-end.

All property taxes are recorded in governmental funds, as explained in Note 1. Revenues in government funds are recognized in the accounting period in which they become available and measurable. Property taxes are considered measurable in the calendar year of the tax levy. Accordingly, the entire tax roll, less an estimate for uncollectible taxes, is recorded as revenue in the current calendar year. Uncollectible taxes are those taxes, which based on past experience, will not be collected in the subsequent year and are primarily due to subsequent adjustments to the tax roll. No allowance for uncollectible taxes is recorded at December 31, 2000.

All of the taxes receivable at the end of the year are considered available. Available means due, or past due and receivable within the current period or expected to be collected soon enough thereafter to pay liabilities of the current period. Property taxes are considered available because they are substantially collected by the tax collector within 60 days subsequent to year-end and are therefore available to liquidate liabilities of the current period.

NOTE 5 - RESTRICTED ASSETS

Restricted assets of the discretely presented component units at December 31, 2000, were as follows:

Debt Service Requirements to Maturity (Continued)

Normally, debt issues are not retired prior to their maturity. For accounting purposes, interest coupons issued in connection with the sale of various bond issues become obligations/expenditures of the Parish only with the passage of time, and they represent fixed and determinable obligations which must be retired from future revenues. The following table indicates unmatured interest outstanding at December 31, 2000, and the amounts which can be presumed to be required in future years for retirement of both outstanding debts and related interest of the general long-term debt group which will become due and payable over the remaining lives of the various debt issues:

Under the terms of the indenture authorizing the issuance of Public Improvement (Drainage) Bonds - Series ST 1991, 1993, and 1999 proceeds of the 1/2% drainage sales and use tax are pledged and dedicated for the establishment and maintenance of the following bond funds:

A Public Improvement (Drainage) Bond - Series ST 1991, 1993, 1999 and Public Improvement Refunding Bond - Series ST 1996 - Sinking Fund to be used for the payment of the principal and interest on outstanding bonds as they become due and payable. Monthly payments are to be equal to the sum of one-sixth of interest falling due on the next interest payment date and one-twelfth of principal falling due on the next principal payment date.

A Public Improvement (Drainage) Bond - Series ST 1989, 1990, 1991, 1993, 1999 and Public Improvement Refunding Bond - Series ST 1996 - Reserve Fund to be used solely for the purpose of paying principal and interest on bonds payable from the Bond Sinking Fund, as to which there would otherwise be default. The sum of \$2,187,654 has been deposited therein for this requirement.

Certificate of Indebtedness - Series 1995

A Sinking Fund is used for the payment of principal and interest on indebtedness as they become due and payable. Monthly payments are equal to the sum of one-sixth of interest falling due on the next interest payment date and one-twelfth of principal falling due on the next principal payment date.

Industrial Bond Issues

The Long-Term Debt Account Group does not include Pollution Control Revenue Bonds, Industrial Revenue Bonds, Environmental Improvement Revenue Bonds and Solid Waste Disposal Revenue Bonds issued under the authority of the Parish of Ascension. Obligations of the industrial districts are payable solely from the income derived from the industrial districts and do not bear the full faith and credit of the Parish.

Long-Term Debt - Component Units

A summary of long-term debt obligations for the component units is as follows:

Compensated absences:	
Ascension Parish Sheriff	\$ 405,730
Ascension Parish Clerk of Court	39,743
Revenue bonds:	
Ascension Parish Water Works District No. 2	343,221
Ascension Parish Water Works District No. 4	54,000
Certificates of Indebtedness:	
Ascension Parish Communications District	34,564
Note Payable:	
East Ascension Hospital	174,172
	<u>\$ 1,051,430</u>

NOTE 8 - PRIOR YEARS' DEBT DEFEASANCE

In prior years, the Parish has defeased various bond issues by creating separate irrevocable trust funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the Parish's General Long-Term Debt Account Group. As of December 31, 2000, the amount of defeased debt outstanding but removed from the General Long-Term Debt Account Group amounted to \$1,940,000.

NOTE 9 - DEDICATED REVENUE

Parish Sales Tax - Primary Government

The Parish has a one percent sales and use tax levied for the purpose of funding activities of the Parish. The Council participates in centralized sales tax administration for all governmental units of the Parish.

The proceeds of the tax, after paying reasonable and necessary expenses of administration, were dedicated by the Parish for 2000, as follows:

1. Debt service for long-term debt issued for renovation and expansion of the Parish jail, and road construction and maintenance,
2. 10 percent of net sales tax collections to be used for recreational operations and facilities,
3. Amounts determined through the budget process required by the General Fund and Road and Bridge Fund for basic services,
4. Excess sales tax revenues UP TO \$400,000 are dedicated to the dedicated special project fund for health unit costs, a Parish animal shelter and a drug court, and
5. Any remaining excess sales tax revenues are dedicated to the Road Construction Fund for road construction and maintenance of roads.

Parish Sales Tax - Primary Government

Consistent with the voter approved dedication of the parish sales and use tax, transfers from the Sales Tax Fund are being used to retire Public Improvement Sales Tax Bonds, Series 1987, and 1996. See Note 7.

Restricted Sales Tax

In 1984, the voters of East Ascension Drainage District No. 1 approved a one-half of one percent sales and use tax for the Drainage District. The proceeds of the sales tax are dedicated to drainage projects, to include the retirement of the Public Improvement (Drainage) Bonds - Series ST 1989, 1990, 1991, and 1993. See Note 7.

In 1994, the voters of Ascension Parish approved a one-half of one percent sales and use tax dedicated to road maintenance and construction (2/3 of proceeds) and fire protection districts (1/3 of proceeds) to include the retirement of the Public Improvement Sales Tax Bonds, Series - 1995. See Note 7.

NOTE 10 - PENSION PLAN

Parochial Employees' Retirement System of Louisiana

Plan Description – Substantially all employees of the Parish are members of the Parochial Employees' Retirement System of Louisiana (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the Parish are members of Plan B.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds are eligible to participate in the System. Under Plan B, employees who retire at or after age 62 with at least 10 years of creditable service or at or after age 55 with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 2 percent of their final-average salary in excess of \$1,200 for each year of creditable service. Furthermore, employees with at least 10 years of creditable service, but less than 30 years, may take early retirement benefits commencing at or after age 60, with basic benefits reduced 3 percent for each year retirement precedes age 62. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (225) 928-1361.

Funding Policy. Under Plan B, members are required by state statute to contribute 2.0 percent of their annual covered salary in excess of \$1,200 and the Parish is required to contribute at an actuarially determined rate. The current rate is 2.5 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Parish are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

The Parish's contributions to the system under Plan B for the year ended December 31, 2000 were \$173,698.

NOTE 11 - DEFERRED COMPENSATION PLAN

The Parish offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan is administered by Nationwide Retirement Solutions, Inc. (Nationwide). The plan, available to all Parish employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseeable emergency. In accordance with the amended provisions of Internal Revenue Code, all amounts deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely the property and rights of the participants and their beneficiaries. As required, the Parish established a custodial account with a third party administrator who will hold the assets and income of the plan. Assets totaling \$938,945 are held by Nationwide, a deferred compensation administrator, under agreement with the Parish.

The Parish has implemented GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. Under this statement governments who have no responsibility for the plan and are not formally considered the plan's trustee are not required to report the plan in its financial statements. Since the Parish plan is held in a custodial account with a third party administrator, the assets and liabilities are not presented in the Parish's financial statements.

NOTE 13 - COMMITMENTS AND CONTINGENCIES

Suits and Claims

Various suits and claims arising in the ordinary course of operations are pending against the Parish. The majority of the cases are either covered by insurance or other defenses; however, the ultimate effect of such litigation cannot be ascertained at this time. These claims consist of environmental issues, improper maintenance of roads, contractual disputes and improper right of ways. It is the opinion of Parish management that the ultimate resolution of such litigation will not have a material effect on the financial position of the Parish.

Environmental Remediation

The United States Environmental Protection Agency (EPA) issued an administrative order concerning a wastewater treatment system operated by Ascension Parish. The order cites the discharge of pollutants from the system, lack of an operating permit and non-filing of required monthly discharge monitoring reports.

NOTE 13 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

Environmental Remediation (continued)

Parish management expended \$18,000 to settle the violations resulting from this matter. Furthermore, the Parish adopted a resolution, in 1999, committing \$375,000 to the construction of a wastewater treatment system to replace the non-compliant system. Finally, during 1999, the Parish abolished the Board of Directors of Sewer District No.6 and assumed operations of the current facility.

In May 2000, the State of Louisiana issued compliance orders concerning three wastewater treatment systems operated at Parish facilities. The orders cite the non-filing of discharge monitoring reports. Parish management has subsequently filed the required reports. However, no sampling was undertaken at two of the systems. The third system cited is under construction with no discharges of treated water occurring.

Officials from the Louisiana Department of Environmental Quality have not taken any action to the Parish's response to the compliance orders.

Construction Contracts

At December 31, 2000, the Parish had outstanding commitments resulting from construction contracts of approximately \$2,267,000 and engineering contracts of approximately \$886,000.

Grants

The Parish of Ascension receives Federal and State grants for specific purposes that are subject to audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. It is the opinion of Parish management that the Parish's compliance with the terms of grants will result in negligible, if any, disallowed costs.

Risk Management

The Parish is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters for which the Parish carries commercial insurance. There were no major changes in insurance coverage from the prior year.

NOTE 14 - SELF INSURANCE

The Parish has a self-insured retention program (SIR) within the internal service fund for potential liabilities. Claims in excess of the self-insured retention amounts are covered through third-party limited coverage insurance policies. The Parish is self-insured with excess coverage in these areas: (a) worker's compensation liability with a two-year period retention of \$200,000 per occurrence with an aggregate limit of \$1,000,000, and (b) liability (including automobile, general liability, products and property) with a \$30,000 per occurrence limit and annual aggregate limits of \$125,000.

NOTE 14 - SELF INSURANCE (CONTINUED)

All funds of the Parish participate in the program and make payments to the internal service fund based on actuarial estimates of amounts needed to pay prior and current year claims. The Parish engaged an actuary to determine the required self-insurance reserve, including claims incurred but not yet reported. As of the end of that fiscal year, it was actuarially determined that the undiscounted loss reserve was \$630,094. This reserve represents reported losses of approximately \$484,000 and includes claims incurred but not yet reported approximating \$146,000.

Changes in this reserve amount in fiscal years 2000 and 1999 were as follows:

	Balance at Beginning of Fiscal Year	Current-year Claims and Changes in Estimates	Claim Payments	Balance at End of Fiscal Year
1999	\$ 625,739	\$ 294,125	\$ 289,770	\$ 630,094
2000	\$ 630,094	\$ 364,798	\$ 364,798	\$ 630,094

NOTE 15 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Deficit Fund Balance and Retained Earnings

Component Units:

The West Ascension Waterworks District No. 7 has a deficit in retained earnings of \$26,370. The District is obtaining financing from the United States Department of Agriculture, which will eliminate the deficit.

The Waterworks District No. 4 has a deficit in retained earnings of \$32,546 that was primarily due to water loss experienced at various times in prior years.

Expenditures Exceeding Appropriations

Excess of expenditures over appropriations in individual funds or departments within the funds occurred as follows:

	Revised Budget	Actual (Budgetary Basis)	Unfavorable Variance
General Fund:			
Public safety	\$ 557,930	\$ 627,510	\$ (69,580)

NOTE 16 - SUBSEQUENT EVENTS

Construction Contracts

The Parish awarded approximately \$298,500 in construction contracts and \$56,000 in engineering contracts subsequent to December 31, 2000.

Environmental Remediation

In 2001, EPA issued a second administrative order concerning the system at Sewer District No. 6, citing discharge of pollutants from the system and non-filing of various required reports. The Parish is vigorously pursuing the resolution of this matter. The ultimate outcome has not been determined.

NOTE 17 - COUNCIL MEMBER COMPENSATION

During the year ended December 31, 2000, Council members and the Parish President received the following as compensation, including per diem payments:

	<u>Amount</u>
Parish President - Harold Marchand	\$ 63,625
Thomas Martinez	19,474

NOTE 18 - PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 1999, the Parish established a capital project fund to account for the construction of a sewer system for Sewer District No. 6. The activities were reported along with other Parish capital project funds, but should have been capitalized in the Sewer District No. 6 Fund, which is an enterprise activity. In 2000, the parish restated 1999 capital projects fund activities by eliminating the Sewer District No. 6 capital project fund. Correction of this error resulted in a decrease in capital projects fund balance by \$341,000.

Component Units:

Sewer District No. 6

A prior period adjustment was made to correct an error. The adjustment increased beginning contributed capital by \$375,000. Activity from the construction of the District's sewer facility was recorded as a capital projects fund of the Parish of Ascension.

Parish Court for the Parish of Ascension

A prior period adjustment was made to correct an error. The adjustment increased beginning fund balance by \$18,700. Details of the prior period adjustment for the Parish Court can be found in the separately issued audit report of the component unit.

PARISH OF ASCENSION

SPECIAL REVENUE FUNDS

ROAD AND BRIDGE FUND

The Road and Bridge Fund is used to account for maintenance of Parish highways, streets, and bridges. Financing has been provided by the appropriation of sales taxes and entitlement from the State's Parish Transportation Fund.

EAST AND WEST ASCENSION DRAINAGE FUNDS

The East and West Ascension Drainage Funds are used to account for the maintenance, improvements, and repairs to the gravity drainage systems in their respective parts of the Parish. Financing is provided primarily by ad valorem taxes, state revenue sharing funds, and dedicated sales taxes.

SALES AND USE TAX DISTRICT NOS. 1 & 2 FUNDS

The Sales and Use Tax Funds are used to account for the collection of a one, and a one-half percent sales and use tax in the Parish. The Council participates in centralized administration of local sales taxes for the Parish. The taxes are remitted to the appropriate funds as budgeted by the Council annually, or as dedicated.

HEALTH UNIT FUND

The Health Unit Fund is used to account for the operations of the Parish health unit. Financing is provided primarily by ad valorem taxes and state revenue sharing.

MENTAL HEALTH CENTER FUND

The Mental Health Center Fund is used to account for that portion of the operations of the Parish mental health center not accounted for by the Department of Health and Hospitals, Office of Mental Health and Substance Abuse. Financing is provided by ad valorem taxes and state revenue sharing.

FIRE PROTECTION DISTRICTS NO. 1 & 2 FUNDS

The Fire Protection District No. 1 and No. 2 Funds are used to account for the maintenance and operation of a fire protection system consisting of twelve fire service units: Modeste Volunteer, Sunshine Volunteer, Palo-Alto McCall Volunteer, Donaldsonville, Geismar Volunteer, Galvez-Lake Volunteer, Prairieville, Fifth Ward, St. Amant, Sorrento, Seventh District Volunteer and Gonzales. In 1994, a dedicated sales and use tax of one-third of one-half of one percent was approved to finance the Districts. In 1998, the Parish created the Fire Protection District No. 2 Fund through a residual equity transfer from the Fire Protection District No. 1 Fund. The Fire Protection District No. 2 provides funding to a fire protection system for West Ascension Parish.

PARISH OF ASCENSION

SPECIAL REVENUE FUNDS (Continued)

RECREATION COMMISSION FUND

The Recreation Commission Fund is used to account for the recreational activities for the youth of the Parish. The Commission is funded primarily by an annual budgetary dedication of ten percent of the one-percent parish wide sales tax.

ROAD LIGHTING DISTRICT MAINTENANCE FUNDS

The Road Lighting District Maintenance Funds are used to account for the operations and maintenance of street lights in Districts 1 through 7. Financing is provided by ad valorem taxes and state revenue sharing funds.

JAIL FUND

The Jail Fund is used to account for the operation of the Parish jail.

LAW OFFICER'S COURT FUND

The Law Officer's Court Fund is used to account for the juror and witness fees incurred in parish court trial cases. Financing is provided through court fines and bond forfeitures.

SECTION 8 FUND

The Section 8 Fund is used to account for resources granted by the Department of Housing and Urban Development to provide housing assistance to low income families.

DARROW COMMUNITY CENTER FUND

The Darrow Community Center Fund is used to account for the funds generated from public use of the Darrow Community Center.

TOURIST COMMISSION FUND

The Tourist Commission Fund is used to account for collection of sales taxes on room rentals of hotels and motels. The Commission promotes local tourism.

COUNCIL ON AGING FUND

The Council on Aging Fund is used to account for collection of ad valorem taxes designated for the elderly of Ascension Parish.

PARISH OF ASCENSION

SPECIAL REVENUE FUNDS (Continued)

JUDICIAL DISTRICT FAMILIES IN NEED OF SERVICES FUND

The Judicial District Families in Need of Services Fund is used to account for the Families in Need of Services Program.

GOVERNOR'S SAFE AND DRUG FREE PROGRAM FUND

The Governor's Safe and Drug Free Program Fund is used to account for a grant program funded by the Department of Education for community drug and violence prevention.

SUPPLEMENTAL ENVIRONMENT PROJECT FUND

The Supplemental Environment Project Fund is used to account for special funds received to provide emergency preparedness services.

DEDICATED SPECIAL PROJECT FUND

The Dedicated Special Project Fund is used to account for the Parish designated projects. Such activities are funded by operating transfers from Sales and Use Tax District No.1.

LIBRARY FUND

The Library Fund is used to account for the collection of a parish-wide ad valorem tax dedicated to the maintenance of the library system. The library provides the citizens of the parish access to library materials, books, magazines, records, and films.

PARISH OF ASCENSION

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the year ended December 31, 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

The Parish of Ascension's Schedule of Federal Awards presents the activity of the federal financial assistance programs of the Parish. All federal financial assistance received directly from federal agencies as well as federal financial assistance passed-through other government agencies are included on the schedule.

Basis of Accounting

The Parish of Ascension's Schedule of Federal Awards is presented using the accrual basis of accounting, which is described in Note 1 to the Parish's financial statements for the year ended December 31, 2000.

PARISH OF ASCENSION

SPECIAL INDEPENDENT AUDITORS' REPORTS

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Chairman and Members
of the Ascension Parish Council
Donaldsonville, Louisiana

We have audited the general-purpose financial statements and the combining, individual fund and account groups financial statements of the **PARISH OF ASCENSION** as of and for the year ended December 31, 2000, and have issued our report thereon dated May 31, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

We did not audit the financial statements of the Ascension Parish Library, a blended component unit, nor the financial statements of the following discretely presented component units:

District Attorney of the Twenty-Third Judicial District
Ascension Parish Sheriff
Ascension Parish Clerk of Court
Ascension Parish Assessor
Ascension Parish Court
Twenty-Third Judicial District Indigent Defender Board
Twenty-Third Judicial District Judicial Expense Fund
Ascension Parish Communication District
East Ascension Hospital Service District
West Ascension Hospital Service District
Ascension Parish Water Works District No. 2
Ascension Parish Water Works District No. 4

These financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for these entities, was based on the report of the other auditors.

Furthermore, the compliance with certain provisions of laws, regulations, contracts and grants and internal control over financial reporting of the Ascension Parish Library and the discretely presented component units listed above were evaluated by other auditors and those reports, if any, can be found in the separately issued financial reports of each such unit.

Compliance

As part of obtaining reasonable assurance about whether the **PARISH OF ASCENSION's** general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 99-10 and 98-1.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the **PARISH OF ASCENSION's** internal control over financial reporting to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to management of the **PARISH OF ASCENSION**, in a separate letter dated May 31, 2001.

This report is intended solely for the information and use of the Parish Council and management, the Legislative Auditor and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON PARISH SYSTEM OF ROAD TRANSPORTATION

Honorable Chairman and Members
of the Ascension Parish Council
Donaldsonville, Louisiana

We have audited the general-purpose financial statements and the combining, individual fund and account groups financial statements of the **PARISH OF ASCENSION** as of and for the year ended December 31, 2000, as listed in the table of contents, and have issued our report thereon dated May 31, 2001.

We did not audit the financial statements of the Ascension Parish Library, a blended component unit, nor the financial statements of the following discretely presented component units:

District Attorney of the Twenty-Third Judicial District
Ascension Parish Sheriff
Ascension Parish Clerk of Court
Ascension Parish Assessor
Ascension Parish Court
Twenty-Third Judicial District Indigent Defender Board
Twenty-Third Judicial District Judicial Expense Fund
Ascension Parish Communication District
East Ascension Hospital Service District
West Ascension Hospital Service District
Ascension Parish Water Works District No. 2
Ascension Parish Water Works District No. 4

These financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included, was based on the report of the other auditors.

Furthermore, the compliance with certain provisions of laws, regulations, contracts and grants and internal control over financial reporting of the Ascension Parish Library and the discretely presented component units listed above were evaluated by other auditors and those reports, if any, can be found in the separately issued financial reports of each such unit.

We conducted our audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, issued by the Comptroller of the United States, and Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the **PARISH OF ASCENSION**, is the responsibility of the Parish of Ascension's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we tested the Parish of Ascension's compliance with Louisiana Revised Statutes 48:751-760, the Parish Transportation Act, relating to the adoption of a parish system of road administration. However, the objective of our audit of the general-purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of material noncompliance with the provisions of the Parish Transportation Act.

This report is intended solely for the information and use of the Parish Council and management, and Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Honorable Chairman and Members
of the Ascension Parish Council
Donaldsonville, Louisiana

Compliance

We have audited the compliance of the **PARISH OF ASCENSION**, with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2000. The **PARISH OF ASCENSION**'s major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the **PARISH OF ASCENSION**'s management. Our responsibility is to express an opinion on the **PARISH OF ASCENSION'S** compliance based on our audit.

We did not audit the financial statements of the Ascension Parish Library, a blended component unit, nor the financial statements of the following discretely presented component units:

- District Attorney of the Twenty-Third Judicial District
- Ascension Parish Sheriff
- Ascension Parish Clerk of Court
- Ascension Parish Assessor
- Ascension Parish Court
- Twenty-Third Judicial District Indigent Defender Board
- Twenty-Third Judicial District Judicial Expense Fund
- Ascension Parish Communication District
- East Ascension Hospital Service District
- West Ascension Hospital Service District
- Ascension Parish Water Works District No. 2
- Ascension Parish Water Works District No. 4

These financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included, was based on the report of the other auditors.

Furthermore, the compliance with certain provisions of laws, regulations, contracts and grants and internal control over financial reporting of the Ascension Parish Library and the discretely presented component units listed above was evaluated by other auditors and those reports, if any, can be found in the separately issued financial reports of each such unit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the **PARISH OF ASCENSION's** compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Parish of Ascension's compliance with those requirements.

In our opinion, the Parish of Ascension, complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended December 31, 2000.

Internal Control Over Compliance

The management of the **PARISH OF ASCENSION** is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Parish of Ascension's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Parish Council and management, the Legislative Auditor and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SUMMARY OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS

For the year ended December 31, 2000

99-1 Collateral Pledges of Cash and Investments (Resolved)

Prior Year Finding:

During the year ended December 31, 1999, we reported that deposits held with banks in excess of federal depository insurance limits were not adequately secured. These deficiencies were generally at least once per month through September, 1999.

We recommended that the Parish should return to its prior policy of monitoring cash balances daily with a matching of collateral pledged by its fiscal agent to verify the adequacy of security pledged to secure cash balances.

In October 1999, the Parish obtained additional collateral pledges from its financial institution to adequately address unsecured balances noted in the previous year. In addition, the cash was monitored on a daily basis to determine cash collateral needs.

Our tests did not reveal any such deficiencies in 2000. As a result, the matter is considered resolved.

99-2 Section 8 Program (Resolved)

Prior Year Finding:

The following was discovered with regards to the Section 8 program administered by the Parish during the year ended December 31, 1999:

- Some participants in the program received rental assistance while not being eligible to participate in the program. Additionally, the Parish did not maintain adequate records, such as an accounts receivable subsidiary ledger, to reflect amounts due.

As a result of our recommendation, the Parish began to maintain detailed records of amounts due and payments made by program participants for ineligible benefits received, along with appropriate coordination from the program administrator.

- The Parish held excess funds, approximately \$108,000, relative to the expenditures for the Section 8 program at December 31, 1999. The program's cash held at December 31, 2000 was within guidelines required by the federal awarding agency.

As a result, these matters are considered resolved.

99-3 Public bid law (Resolved)

Prior Year Finding:

Based on our test of expenditures that were subject to the public bid law in 1999, the following was determined:

- A \$14,224 purchase of computer equipment during 1999 did not contain evidence that three quotations were obtained to satisfy the requirements of the public bid law.
- Recurring purchases of fuel were obtained from obtaining three quotations on a monthly basis from local fuel distributors. State law requires public advertisement.

We recommended that the Parish adhere to the public bid law with purchases exceeding \$7,500.

Secondly, in May 2000, the Parish advertised for bids for the purchase of fuel. The advertised bid met the requirements of the public bid law. Our tests of purchases in 2000 revealed no instances of noncompliance with the public bid law. As a result, this matter is considered resolved.

99-4 Supervision of Financial Management (Resolved)

Prior Year Finding:

During 1999 we reported that there had been changes in the supervisory personnel responsible for the financial records of the Parish. The purpose of the change has been to upgrade the skill base within the Finance Department with the objective of employing more advanced accounting technology appropriate to the needs of Ascension Parish with its historical and projected growth.

During 1999, the Parish upgraded its computer capabilities, both as to hardware and software. The purposes of the upgrade included expanding the use of technology to accounting functions.

In general, deficiencies were identified that related to procedures that previously had functioned in a satisfactory manner or an inability to implement new programs that represented enhancements to the accounting process. During the year ended December 31, 2000, the Parish assigned appropriate personnel to manage financial responsibilities of the Parish in an effective manner.

As a result, this matter is considered resolved.

99-5 Utilization of the computerized accounting system (Resolved)

Prior Year Finding:

We previously reported that the staff of the Finance Department was not appropriately knowledgeable concerning the computer accounting system used by the Parish. The staff has taken a trial and error approach to processing transactions and generating data from the system. The results were inefficient and ineffective management of the financial statement reporting area.

The Parish assigned new finance staff members to manage this essential area in 2000. The staff has explored the capabilities of the accounting system and has maintained accounting records in an appropriate manner.

As a result, this matter is considered resolved.

99-6 Timeliness and accuracy of financial statement preparation and presentation (Resolved)

Prior Year Finding:

The financial statements prepared by the Finance Department for 1999 were not prepared timely or accurately on an interim or year-end basis.

The lack of timely financial statements resulted from the previous staff's inability to adequately implement the accounting package utilized in 1999 and lack of urgency to prepare financial statements on a monthly basis.

During 2000, the Finance department developed procedures that established a time frame for completion of the financial statements. The new time frame allows for review of the financial statements prior to the presentation to the Finance Committee and for them to be presented to the Finance Committee at its monthly meeting.

As a result of these actions, this matter is considered resolved.

99-7 Cash management (Resolved)

Prior Year Finding:

During 1999 our findings related to management of cash (and investments) held by the Parish are as follows:

- Daily cash management – The Parish had a procedure to monitor cash position on a daily basis. During 1999, this procedure was discontinued. During 2000, the previously utilized procedure was implemented. Subsequent to our recommendation, the Parish monitored its cash position on a daily basis.

- Cash collateral management –Funds in excess of FDIC insurance limits are required to be collateralized by obtaining pledged securities from the Parish's fiscal agent. The Parish addressed this matter during 2000. Additional security pledges were obtained from its financial institution and collateral requirements were monitored on a daily basis.
- Cash reconciliations – Cash reconciliations were prepared incorrectly and untimely. Secondly, the procedures in place were inadequate to properly reconcile cash on a monthly basis with recorded amounts in the general ledger. The Parish implemented procedures during 2000 to prepare cash reconciliations on a monthly basis and in a timely manner. The reconciliation includes comparison to recorded amounts in the financial statements of the Parish.

As a result of the action taken by Parish management, this matter is considered resolved.

99-8 Accounts payable and encumbrance recording (Resolved)

Prior Year Finding:

Three observations were made concerning the recording of accounts payable and encumbrances during 1999. They were as follows:

Accounts payable recordation

At December 31, 1999, an adjustment was needed to record approximately \$765,000 in contractor, engineering and legal fees incurred during the year. The expenditures were not reported on the financial statements prepared by the Parish. No such entries were required for the year ended December 31, 2000.

Duplicate vendor payments

Duplicate vendor payments occurred during 1999. Such payments were discovered upon return of the duplicate payment by the vendor. The Finance office reviewed the occurrence and determined that overpayments were the result of disbursing funds by manual checks in certain instances. The practice of disbursing funds by manual check was terminated. No additional duplicate vendor payments were discovered during 2000.

Encumbrance recording

Based on our review of the open encumbrances (approximately \$762,500) listed (654 records) as of September 21, 1999, 18 errors associated with either an inappropriate dating of purchase order changes or finalization of a purchase order prior to its actual completion were noted. The errors resulted in the understatement of encumbrances by \$9,220. We reported this occurrence to the Finance Department with subsequent corrections. No such errors were discovered during 2000.

99-9 – Recreation Funds (Resolved)

Prior Year Finding:

The following was reported in 1999 relating to funds collected by various athletic associations for sporting activities conducted at Parish recreation facilities:

- The Ascension Youth Softball Association experienced a theft of approximately \$22,000. As a result, approximately \$5,300 of registration fees designated for the Parish was owed at December 31, 1999. The Parish resolved this issue with the Association under the direction of the Parish attorney. The agreement involved cash and services provided to the Parish to satisfy the debt owed.
- The AYBA Basketball Association failed to remit to the Parish approximately \$18,000 in fees collected for the 1999 and 2000 seasons. On June 6, 2000, the amounts due from the AYBA Basketball Association were received.

These matters are considered resolved.

99-10 Louisiana Environmental Quality Act

Prior Year Finding:

In May 2000, the Louisiana Department of Environmental Quality (DEQ) issued compliance orders relating to three sewer systems operated by the Parish. The orders cite non-filing of required discharge monitoring reports (DMRs). The finding is in violation of the Louisiana Environmental Quality Act. The Parish subsequently filed the DMRs in June 2000. However, no sampling was undertaken at two of the systems. The third system (Sewer District No. 6) was under construction and no discharge of treated water was made.

The sewer systems cited were:

- Butch Gore Ball Park
- Ascension Parish Jail
- Country Ridge Subdivision (Sewer District No. 6)

During 2000, the Parish constructed a sewer treatment system for Sewer District No. 6. The DEQ order related to the permit issued for the new system. As a result, no discharge of treated water has been made in 2000. The Parish has filed the DMRs as requested. Additionally, the sewer treatment system was operational in February 2001. The DMRs have been filed as ordered by DEQ.

The system at Butch Gore Ball Park was closed during most of 2000. As a result, no discharge of treated water occurred. However, the Parish filed the DMRs as required by DEQ. The system was non-operational primarily for mechanical problems that have since been corrected.

The DMR's for the Ascension Parish Jail have been filed in accordance with the DEQ order. However, the system is in need of various modifications to discharge treated water in compliance with the permit issued by DEQ.

Based on the monitoring reports taken by the Parish, the systems at Sewer District No. 6 and the Ascension Parish Jail were discharging treated water in violation of law. As a result, the Parish has hired sewer treatment operating consultants to assist with identifying the problems with each system and developing the action needed to resolve the issue.

The DEQ has not responded to the Parish on the compliance orders.

Recommendation:

The Parish should adhere to the compliance orders and the Louisiana Environmental Quality Act for the sewer systems operated, in addition to, operating the system in accordance with environmental regulations.

Management's corrective action plan:

Management intends to timely submit the required DMRs in the future and has assigned the Parish engineer the responsibility of testing, reporting and timely submitting these reports. In addition, the Parish has employed an independent contractor to collect samples, have these samples analyzed, and complete the DMRs for delivery to the Parish engineer for timely submission. Additionally, various alternatives are being explored concerning operating the systems in accordance with environmental regulations.

98-1 Clean Water Act and the National Pollutant Discharge Elimination System program

Prior Year Finding:

The United States Environmental Protection Agency (EPA) issued an administrative order concerning a wastewater treatment system operated by the Ascension Parish Sewerage District No. 6. The order cites the discharge of pollutants from the system, lack of an operating permit and non-filing of required monthly discharge monitoring reports. The findings are violations of the Clean Water Act and the National Discharge Elimination System program from January 1992 through 1998. The Parish entered into a consent agreement with EPA in October 1999 to settle the matters cited above. In accordance with the consent agreement, the Parish has agreed to commit \$375,000 to construct a sewer treatment system to replace the non-compliant system currently in place. In addition, the Sewer District No. 6 Board of Directors was abolished in August 1999. Finally, the Parish incurred a fine of \$18,000 as a result of this violation. The system construction was essentially completed at year-end. However, the system is not been placed on-line as of the date of this report.

Additionally, the EPA issued another administrative order in February 2001 citing noncompliance with the same matters as discussed above. The Parish subsequently met with EPA officials to resolve matters identified. The EPA has not issued its administrative order at this time.

Recommendation:

We recommend that the Parish adhere to the consent agreements entered into with EPA. In addition, the Parish should submit the required reports to EPA in an accurate and timely manner.

Management's corrective action plan:

Management intends to adhere to the consent agreement with the EPA. In addition, the new sewer system was operational in February 2001. The Parish expended approximately \$400,000 on the sewer treatment system and considers this appropriation an example of its commitment to resolving this matter.

Finally, the Parish is committed to adhering to the Clean Water Act and the national pollutant discharge elimination system program.

**INDEPENDENT AUDITORS' REPORT ON
SUPPLEMENTARY INFORMATION**

Honorable President and Members
of the Parish of Ascension,
Donaldsonville, Louisiana

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The supplementary information on pages S-2 to S-23 is presented for purposes of additional analysis and is not a required part of the general-purpose financial statements. The supplementary information for the years ended December 31, 1999, 1998, 1997, and 1996, has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general-purpose financial statements taken as a whole.
